**EPA APPROVED SPILL PROOF**

**C.A.R.B. FUELING SYSTEMS**

- Ecologically friendly, the Scepter line of "ECO" spill proof Jerry Cans are the safest products available and provide 100% compliance with California's Air Resource Board (CARB) emission and spill control regulations.
- All ECO Jerry Cans are manufactured using patented technology that provides permeation levels well below the CARB .40 gram/gal/day threshold.
- Feature CRC's and a patented automatic shut-off spout that stops overflows, closes automatically and self-seals to guard against unwanted vapor emissions when not in use.

DESCRIPTION	PART #
