**SKEEKEEPER**

Everyone who owns a personal watercraft with bow eyes absolutely needs one of these. It's the perfect solution for securing your aquatic machine. Short length nylon strap with locking pin slips in and locks to the rear eyelet of your watercraft while the rubber coated steel hook(s) secures your craft to your truck or trailer. Simple and secure. Available with one 'S' hook or dual 'S' hooks. Sold one per package. Several bright colors.
