

HULL HUGR™ PWC FENDER

Docking a PWC has never been safer with the introduction of the HULL HUGR PWC Fender. Engineered specifically for PWCs, it hinges in the center to better protect PWC bodies from docks designed for bigger boats. It hooks under the rub rail with a molded acetyl hook integrated into the back of the fender. If your PWC has them, you'll want to connect the top of the fender to a cleat or ski eye with the adjustable strap and vinyl dipped steel hook provided. If not, simply thread the strap through the rubber block provided and place it inside the PWC's storage compartment, then shut it. The block anchors the fender strap perfectly and will not damage the body. We recommend 2 fenders per PWC. Fits all PWCs.

PERSONAL WATERCRAFT BUMPERS

PWC's require specialized bumpers because they slide underneath docks and get scratched and gouged. These 3x18 inch bumpers have nylon covers and attach to PWC's with 2 giant suction cups. Great for an instant party barge too! 2 bumpers per package.

HH-30C, CB & CW HULL HUGR

XL CONTOUR FENDERS - NOW FOR BIGGER BOATS!

Traditional round fenders protect hulls fairly well, but not gunwales. They tend to roll and lift, leaving your boat open to damage. Boats with step-down gunwales are especially vulnerable. HULL HUGR Contour Fenders hinge at the rub rail to wrap around the gunwale and hull, following the contours of the boat. They always stay put, unlike other fenders. They're constructed of durable tri-laminate covering closed cell foam with 1/2 inch ID polycarbonate grommets. HULL HUGRs stow in half the space of a round fender, under seats or inside storage compartments. Size: 30" long x 6" wide x 4" thick.

HULL HUGR CONTOUR FENDER

Traditional round fenders protect hulls fairly well, but not gunwales. Ski boats, bass boats and runabouts with step-down gunwales are especially vulnerable to damage from docks. The HULL HUGR Contour Fender hinges to wrap around the gunwale and hull, following the contours of the boat. It can be used as a flat fender too. Size: 24" long x 6" wide x 2 1/2" thick. It is constructed of incredibly durable tri-laminate material with polycarbonate grommets. It stows conveniently under seats or inside storage compartments.

Black Contour Fender Hull Huger	37-HH1CB

HH-1, HH-1W, HH-1B HULL HUGR FLAT FENDER

You'll love the protection this flat fender gives your boat and the way it stows so compactly under a seat or in a side compartment. The Hull Huger Flat Fender is 26" long x 6" wide x 2 1/2" thick. Constructed of durable marine grade tri-laminate with a polycarbonate grommet at each end. Hang them vertically or horizontally. Great for mounting to docks and posts too!
