INTAKE GRATES - CONTROL & HOOK-UP

The WORX Maxiloader is the first mod anyone should do to their PWC. Among the benefits you'll receive are: reduced porpoising, no or minimal top speed loss (up to 3mph gain in choppy conditions!) and greater control & turning capability. As used by Pro & Amateur riders all around the world, Maxiloader grates set an industry performance standard.

CONSTANT DEVELOPMENT

Worx is committed to providing the best handling and performance solutions for all personal watercraft. We are constantly testing and developing new and innovative products that have revolutionized watercraft handling. One of the latest is the new 53-WR534 sponsons for the big Seadoo's, a new design, deeper backing rail provides a big increase in performance and cornering over the previous models. Our products continue to evolve and improve as new watercraft are released and we constantly strive to ensure that Worx Works.

PERFORMANCE RIDE PLATES FOR ALL STAND-UPS

With the help of WORX team riders in both Pro Ski and Freestyle, WORX has revolutionized handling with its Dominator ride plates a, clear favorite for Yamaha and Kawasaki riders who want to improve cornering and all out handling. Our brand new Kawasaki SX-R 800 ride plate is testament to the fact that we never rest - we are continually looking improvements in handling and performance. Put simply, WORX Ride Plates allow you to ride faster with less effort.

The very latest design in the Dominator range for the Kawasaki SX-R 800 this plate is all new with a wider tail section and two deep concaves to allow you to push harder into the corners use the power of the Kawi to drive out of them in total control. It also incorporates our proven "D" out that is used in all of our ride plates.

SPONSONS

Fitting WORX sponsons to your PWC is like fitting extra wide tyres to your road car. Unbelievable cornering, better control in the rough and predictable inline tracking even while towing wakeboards. WORX sponsons are easy to fit, look great and bolt right into stock mounting holes.
